Task Forc...

Dear Club President and Delegate,

The CAMS Board at their meeting on 5th February rejected the "Terms of Reference" and proposed independent chairs as put forward by your SCDC Executive and resolved to proceed with the Task Force as first put forward and to be chaired by Graham Fountain.

In their initial correspondence, they informed us that they will accept written submissions to the Task Force from any member as long as they are signed. These submissions were to close on the 1st March.

There has been some reaction from members who informed the Executive that 1st March is too short a time frame to provide meaningful submissions and there has also been concern expressed that there may be ongoing repercussions towards those putting forward submissions. With this in mind, at the first meeting of this Task Force last night, Norman Gowers, influenced the Chairman, Graham Fountain, to extend the timeframe for submissions to the end of March and it was also agreed that submissions could be sent to myself or Norman Gowers and your Executive would put these forward to the Task Force. We see this as a substantial win.

With this in mind, your Executive asks you, your club or any member of your club who has experienced **any** problems, from a lack of customer service, problems organising events, licence/log book issues etc. to document these concerns and send them to me as quickly as you can. This is our one chance to voice our concerns on these matters so please do not think your problem is too small or insignificant.

The addresses to send these to are Sport & Club Development Council Chairman, David Bellenger at kartracer@optushome.com.au, or Sport & Club Development Council Deputy Chairman Norman Gowers at ngowers@bigpond.net.au

Should you have any further questions regarding this submission process please do not hesitate to contact me on the above address or on 0429 015 566

Looking forward to receiving your submissions

David Bellenger

Chairman

Sport & Club Development Council (Vic)
